

Pollington-Balne CE Primary School

Pupil Premium Statement 2018-19

At Pollington-balne CE Primary School we believe PE and Sport plays an important role in making our vision statement a reality for every people, with the potential to change young people's lives for the better.

We have welcomed the government's announcement in 2013 to provide additional funding until 2020 to improve provision for Physical Education (PE) and sport in primary schools. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people.

Sport Premium Grant

Funding for schools will be calculated by the number of primary age peoples open brackets between the ages of 5 and 11 close bracket. All schools with 17 or more primary age peoples will receive a lump sum of £7535 plus a premium of £5 per people. Smaller schools will receive £475 per pupil.

Total amount of grant received for September 2018 to August 2019	£	
	Amount currently left over:	£10155.83
	Revised funding:	£9858.00
	Planned expenditure (approximately):	£6399.79
	Amount to be carried over to next budget:	£20685.04

What does the sport premium mean for our school?

Schools must spend the additional funding on improving the provision of PE and sport, but they will have the freedom to choose how they do this DfE June 2013. At Pollington-Balne Primary School we have split up the funding into 3 key areas for consideration; Physical Education, Healthy Active Lifestyles and Competitive Sport.

How are we spending the sport premium funding at Pollington-Balne primary school

We believe in a holistic approach to the development of sport and physical activity for all and encourage collaboration and partnership working to make the best use of resources and enhance pe and sport provision in order to raise participation and achievement for all pupils.

Our rationale for the use of sports premium funding, which the governors' have agreed, are that it must be used so that:

- all children benefit regardless of sporting ability
- children are given the opportunity to compete in tournaments with other schools
- staff have access to training opportunities and continued professional development
- Some activities may be subsidised so that people do not miss out to financial constraints eg. OAA/swimming/residential
- Make use of collaborative and partnership working

With the above rationale in mind, and following the guidelines for how to spend this money, our initial plans for the use of sports premium funding include (some of which have we have already implemented):

Physical education

Raising the standard of teaching and learning in PE

What are we going to do?	How are we going to do it?	Costs	What will the impact be?
<i>Continued Professional Development</i> We are going to enhance and continue with fitness Friday provision where children enjoy a carousel of quality activities. Not only offering the traditional sports like rugby, netball, gymnastics dance and hockey. But now also offering yoga, Zumba and boxercise. Each activity last 4:30 minutes and ensures our 2 hour minimum provision per week. With the additional training of staff in multi skills through the South Hunsley sports partnership.	Half term the plans are written to establish a broadband balanced p curriculum and detailed planning show staff the requirements that they need to include in their lessons. Staff are encouraged not to work in the comfort zones but branch out and try something different. CPD for staff from trained professionals.	£1750 Provision given as part of our terms of membership to SHSP	All teachers are confident in delivering high quality PE at Key Stage One and Key Stage 2 and develop enhance sport specific skills in a variety of different subject areas
Improve the training for pupils involved in football training	FA subscription for East Riding Schools	£100	Teachers will have increased skills in delivering football training to pupils

Healthy Active Lifestyles

Ensuring all children are encouraged to take regular exercise

What are we going to do?	How are we going to do it?	Costs	What will the impact be?
<i>Technica Sport Coaches</i> Dale visits school on a Friday morning. A new face offering sports coaching is a big draw to children, keeping them engaged in the learning in lessons.	New approaches, working with a coach has really helped the children to focus on the development of the skills they already have. All the children are experiencing working with a sports coach, delivering developing their social interaction skills at the same time.	£1740 for the year, 1 morning per week	Children are receiving the benefit of a highly trained and skilled sports person in a school environment with one specific purpose to develop sporting skills. Teachers can watch what the coaches do and develop their repertoire of games and activities to develop children's abilities and nurture their enthusiasm. Children working with other adults, developing them socially.
Increase the number of pupils taking part in swimming across the school	Open swimming lessons to pupils from other year groups, whilst continuing to provide lessons for all Year 3 pupils	£900 for coach £1089.20 for lessons	All pupils will pass the KS2 requirements by the end of the Key Stage (actual was 9/11) Pupils will be more confident in swimming (all pupils who had lessons said this was the case)
Improve access for pupils to equipment to engage in sports during break and lunch time	Purchase sports equipment for pupils to use during their free time	£600 (actual £574.73)	Pupils now have access to balls, skipping ropes, tennis equipment, hoops and football goals to enjoy at break and lunch time. There has been a significant uptake in the number of pupils engaging in using these

Competitive School Sport			
Increase participation levels in extracurricular sport			
What are we going to do?	How are we going to do it?	Costs	What will the impact be?
Encourage parents to be more involved in sporting events outside school	Encourage more parents to become drivers for the school by going through what is involved with them	£0	Parents and pupils feel more involved in out of school competitions
Allow access to more competitions for pupils – getting pupils to competitions in hired coaches means costs are prohibitive.	Member of staff to change their insurance and to be paid for mileage to transport pupils to competitions if no parent help available	£100 (actual £58.48)	Pupils are able to enter more local and regional competitions. This year this included Kwik Cricket, Rounders, Football and Orienteering which they would otherwise have been unable to attend
Encourage uptake of pupils involved in Sports Day	Purchase of different medals and promotion on this in lessons	£100 (actual £98.75)	Nearly every pupil was involved in races on Sports Day

Impact

We have evaluated the impact of Sports Premium funding through the academic year. Some of the most exciting ventures has cost very little and has had the most impact as part of our normal sport provision. Yet we also see that the continued link with the SSP provides a vital and very credible resource for Sports Premium funding. We will continue to look at how well we use of sports premium to improve the quality and breadth of PE and sporting provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

Progress in PE has shows that 60% of pupils in the school make more than expected progress, and 91% make expected progress. This is measured in lessons by teaching staff and recorded in tracking sheets. Teachers value the training they have received from Technica and being part of the South Hunsley Sports Partnership.

The school intends to spend carried forward resources (£20, 685.04) on improving the facilities for pupils during break and lunch time, as take up of sports during these times is limited due to equipment availability. This will include renewal of large climbing equipment.
